Here's a fraction of the positive feedback
we received from last year's attendees:

"There was something for everyone - from the brand new coach to seasoned veterans. It was a great mix of school, college and all-star. Great networking opportunity and a chance to hear from some amazing nationally known industry leaders!"

"This was my first NCA Conference. I have attended other coaches' conferences in the past but am so thankful that I attended this one. From start to finish it was outstanding. I am so pumped for the new year because of all of the great speakers and information."

"I enjoyed the conference presenters - they were amazing! They were full of knowledge and wisdom and you can tell they love what they do and what they present. And the food and hotel were simply fantastic!"

"Location, location, location! Not only is the conference material first class, so are the accommodations and access to such incredible shopping and eating!"
